

Spun Polyester Thread for Durable Bag Closures

"For bag manufacturers seeking a versatile and dependable sewing thread, our high-quality spun polyester thread delivers the perfect balance of strength, smoothness, and consistency. Designed for seamless performance in a wide range of bag sewing applications, our spun polyester thread ensures secure and durable closures, enhancing the overall quality and longevity of your bags.

Key Features for Bag Manufacturers:

- **Excellent Sewability:** Smooth and consistent thread texture minimizes friction and breakage, ensuring efficient and uninterrupted sewing.
- **High Tensile Strength:** Provides robust seam strength, preventing bag tearing and ensuring secure closures for various bag types.
- **Consistent Thread Diameter:** Ensures uniform stitch formation and reliable seam performance, enhancing the aesthetic and functional quality of bags.
- **Versatility:** Suitable for sewing a wide range of bag materials, including woven fabrics, non-woven fabrics, and laminated materials.
- **Cost-Effective Solution:** Offers a high-performance alternative to other sewing threads, providing excellent value for bag manufacturers.

Applications:

- Woven Polypropylene Bag Sewing
- Paper Bag Sewing
- Cloth Bag Sewing
- Shopping Bag Sewing
- Industrial Bag Sewing
- FIBC Sewing

Technical Specifications:

Material: 100% Spun Polyester

Count: 20/6, 20/3x3, 20/9, 12/4, 10/1x5, 10/1x3

Colors: can be matched according to customers' requirements

Cone size: 167 grams, 200 grams, 250 grams, 1 kg, 2kgs, 3kgs, 5kgs

Partner with Us:

- Consistent Quality Assurance
- Wide Range of Colors Available
- Technical Support and Expertise
- Dependable Supply Chain
